netsight – the origin

Networkshop 31

Why netsight?

- formal requirement out of SLA negotiations between JISC and UKERNA
- provide a web based status system for end user use
- to show traffic levels and availability of network

netsight 

The 'netsight' logo features the word 'netsight' in a purple, lowercase, sans-serif font. To the right of the text is a graphic element consisting of two overlapping, slightly offset circles in shades of purple and blue, resembling a stylized lens or a network node.

netsight – satisfaction?

Networkshop 31

Reporting

- RNOs no longer need to report traffic

Feedback

- End users generally pleased
- RSCs find useful
- RNOs, the jury's out!

netsight

netsight – not all rosy!

Networkshop 31

Major Issues

- **SNMP Discovery**
 - **Discovery timeout**
 - **Uninitialised strings**
 - **Scrambled interfaces**

netsight 

The 'netsight' logo features the word 'netsight' in a purple, lowercase, sans-serif font. To the right of the text is a blue circular icon with a white ring inside, tilted at an angle.

netsight – not all rosy!

Networkshop 31

Major Issues

- **Monitoring**
 - Palings effect (High rate traffic)
 - Incorrect traffic display at >100 Mbps
 - No incoming traffic display
 - No traffic display at all

netsight 

The 'netsight' logo features the word 'netsight' in a purple, lowercase, sans-serif font. To the right of the text is a stylized graphic of a blue and white ring or lens.
